Ms. Kim McKay	Vice President for Student Services & Enrollment Management
Mr. Shawn Shreves	Vice President for Information Technology
Ms. Brandy Ham	Executive Director of Finance

Independent Auditors' Report

The Board of Trustees
Odessa Junior College District
Odessa, Texas

Report on the Financial Statements

We have audited the accompanying financial statements of Odessa Junior College District (the "District") as of and for the years ended August 31, 2014 and 2013, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the District as of August 31, 2014 and 2013, and the respective changes in financial position, and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5 - 22 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audits were conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The organizational data and statistical supplement on page 1 and pages 62 through 73 are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements. The accompanying schedule of expenditures of state awards is presented for purposes of additional analysis as required by the *Provisions of the State of Texas Single Audit Circular*, and is not a required part of the basic purpose financial statements. In addition, the supplementary data presented in schedules A, B, C and D is presented for additional purposes and is not a required part of the basic financial statements.

The schedules of expenditures of federal and state awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedules of expenditures of federal and state awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The organizational data and statistical supplement have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report December 4, 2014, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Management's Discussion and Analysis

INTRODUCTION

The Management's Discussion and Analysis provides an overview of the Odessa Junior College District's ("the District") financial activities for the years ended August 31, 2014 (Fiscal Year 2014), 2013 (Fiscal Year 2013), and 2012 (Fiscal Year 2012). In conformity with Government Accounting Standards Board (GASB) Statement No. 34, the discussion focuses on currently known facts, decisions, and conditions and is intended to assist the reader in the interpretation of the financial statements and notes that follow this analysis.

Some of the financial and enrollment highlights of Fiscal Year 2014 are as follows:

- The District's assets exceeded liabilities by \$46.7 million at the end of fiscal year 2014, compared to \$41.6 million and \$36.9 million at the end of fiscal years 2013 and 2012, respectively. Of these amounts, the unrestricted net position totaled \$19.5 million, \$19.1 million, and \$17.9 million for fiscal years 2014, 2013, and 2012. This unrestricted net position is available to meet any of the District's ongoing obligations.
- The District's net position as a whole was strengthened as total revenues exceeded total expenses by \$5.1 million in fiscal year 2014. Revenues exceeded expenses by \$4.6 million and \$5.2 million in fiscal years 2013 and 2012.
- The District's total debt decreased during fiscal year 2014 by \$2.3 million to \$87.6 million after decreasing during 2013 by \$2.3 million to \$89.9 million. The decreases during both fiscal years were due to scheduled debt service payments on revenue and general obligation bonds. In fiscal year 2012, the debt increased by \$4.5 million to \$92.1 million due to the issuance of a campus housing revenue bond.
- Capital assets (net of depreciation) increased by approximately \$25.4 million in 2014, by \$26.7 million in 2013, and by \$11.3 million in 2012.
- Total duplicated headcount of students enrolled in fundable courses (both credit and non-credit) increased by 5.4% to 20,110 for the 2013-14 academic year from a total of 19,085 during 2012-13 and 21,261 during 2011-12. Total semester credit hours also increased by 2.3% to 99,861 for 2013-14, compared to 97,604 during 2012-13 and 98,533 during 2011-12.
- Total contact hours from both credit and noncredit instruction increased by 1.7% to 2,303,999 in 2013-14 from 2,267,590 in 2012-13 and 2,384,618 in 2011-12. The increases came from higher enrollments in career and technical instruction, both credit and non-credit. There was a slight decrease in general academic course enrollments.

BASIC FINANCIAL STATEMENTS

There are three basic financial statements presented: the Statement of Net Position; the Statement of Revenues, Expenses and Changes in Net Position; and the Statement of Cash Flows. These statements should be read in conjunction with the notes to the basic financial statements.

Management's Discussion and Analysis
For the Period Ending August 31, 2014 (Unaudited)

Financial statements for the District's component unit, the Odessa College Foundation, are issued independently of the District. The Foundation's Statement of Financial Position and Statement of Activities for its most recently completed fiscal years of 2013 and 2012 are presented as discrete reports on pages 25 and 28 of the District's basic financial statements. Complete financial statements for the Foundation can be obtained from the Foundation at 201 West University Blvd, Odessa, TX 79764.

- **The Statement of Net Position**

The Statement of Net Position (Exhibit 1) reports the assets, liabilities, and resulting net position of the District as of the end of the fiscal year. It is a "point in time" financial statement; its purpose is to give the readers a snapshot of the financial condition of Odessa College on the last day of each fiscal year.

The Statement of Net Position includes assets and liabilities, both current and non-current, and net position.

- Current assets are those assets that are available to satisfy current liabilities, or liabilities that are due within one year.
- Non-current assets include capital assets, restricted cash, long-term investments, and other assets not classified as current.
- Non-current liabilities include bonds payable and other long-term commitments.

Net position is the difference between total assets and total liabilities. Net position is one way to measure the financial health of the District as they represent the amount of resources available to finance future activities. Over time, the increases and decreases in net position is one indicator of whether the overall financial condition has improved or deteriorated during the year when considered with other factors such as enrollment, contact hours of instruction, student retention and other non-financial information.

Net assets are divided into three major categories.

- Invested in Capital Assets, Net of Related Debt, reflects the District's equity in property, plant and equipment.
- Restricted Net Position has external limitations on the way in which it may be used.
- Unrestricted Net Position is available to use for any lawful purpose of the District.

- **The Statement of Revenues, Expenses, and Changes in Net Position**

The Statement of Revenues, Expenses, and Changes in Net Position (Exhibit 2) explains "why" the net position has increased or decreased during the year. It focuses on the "bottom line results" of the District's operations. This approach summarizes and simplifies the user's analysis of the cost of various District services to its students and the burden to the public. The statement is divided into (a) Operating Revenues and Expenses, (b) Non-Operating Revenues and Expenses, and (c) Other Revenue.

Management's Discussion and Analysis
For the Period Ending August 31, 2014 (Unaudited)

Generally, operating revenues are received in exchange for providing goods and services to the various customers of the District. Operating revenues include:

- Tuition and fees
- Federal and state grants
- Sales and services of educational activities
- Auxiliary and other operating revenues

Operating expenses are those paid to acquire or produce the goods and services provided in return for the operating revenues and to carry out the District's mission. Depreciation is included as an operating expense.

Non-operating revenues are funds received for which goods and services are not directly provided to those providing the revenue. Non-operating revenues include:

- State legislative appropriations
- Local property taxes
- Federal student aid grants
- Non-capital gifts and investment income

Other revenue includes capital contributions, additions to endowments, and special and extraordinary items.

The District, like all other Texas community colleges, is primarily dependent upon three sources of revenue: state appropriations, tuition and fees, and local property taxes. Since state appropriations and property taxes are classified as non-operating revenues (per the GASB requirement), all Texas community colleges will display an operating deficit before taking into account other support. Essentially, this operating deficit represents the net cost of services to students that must be covered by state appropriations, local property taxation, and other sources of revenue. Therefore, total revenues and total expenses should be considered in assessing the change in the District's financial position.

- **The Statement of Cash Flows**

The final statement presented is the Statement of Cash Flows which analyzes the cash activities of the District for the year. This statement helps readers assess the District's ability to generate future cash flows and its ability to meet obligations as they come due. The statement is divided into five parts:

- Cash provided by or used for operating activities
- Cash flows from non-capital financing activities
- Cash flows from investing activities
- Cash provided by or used for capital related financing activities, and
- Cash used for acquisition and construction of capital items.

Management's Discussion and Analysis
For the Period Ending August 31, 2014 (Unaudited)

CONDENSED COMPARATIVE FINANCIAL INFORMATION

**Condensed Statement of Net Position
(thousands of dollars)**

	Year Ended August 31,			Increase (Decrease)	
	<u>2014</u>	<u>2013</u>	<u>2012</u>	<u>2013 to</u> <u>2014</u>	<u>2012 to</u> <u>2013</u>
Current assets	\$ 31,945	\$ 38,058	\$ 40,812	\$ (6,113)	\$ (2,754)
Capital assets, net of depreciation	91,865	66,498	39,793	25,367	26,705
Other non-current assets	22,081	37,857	60,119	(15,791)	(22,274)
Total assets	145,891	142,413	140,724	3,463	1,677
Current liabilities	13,371	11,420	11,955	1,951	(535)
Non-current liabilities	85,877	89,418	91,838	(3,542)	(2,420)
Total liabilities	99,248	100,838	103,793	(1,591)	(2,955)
Net Position:					
Invested in capital assets, net of related debt	15,208	13,987	12,022	1,221	1,965
Restricted: nonexpendable	845	838	829	6	9
Restricted: expendable	11,043	7,683	6,156	3,347	1,515
Unrestricted	19,547	19,067	17,924	480	1,143
Total net position	\$ 46,643	\$ 41,575	\$ 36,931	\$ 5,054	\$ 4,632
Current Ratio	2.39	3.33	3.41		

Figure 1 Note: FY2013 and FY2012 have been restated to account for GASB Statement 65 changes and a prior period adjustment.

As shown in Figure 1 above, total assets increased by \$3.5 million in fiscal year 2014 and by \$1.7 million in fiscal year 2013. During the same periods, total liabilities decreased by \$1.6 million in 2014 and by \$2.9 million in 2013. As a result, the total net position increased by \$5.1 million in 2014 and by \$4.6 million in 2013.

The current ratio, sometimes called the liquidity ratio, measures the District's ability to pay short-term obligations. It is calculated by dividing the current assets by the current liabilities. The current ratio has decreased to 2.39 at the end of fiscal year 2014, compared to 3.33 and 3.41 for fiscal years 2013 and 2012, respectively. The 2014 decrease is the result of less cash being classified as current assets (currently needed for Vision 2015 construction projects) as well as an increase in the current portion of bonds payable within the next 12 months.

Current assets consist mainly of cash, short-term investments, receivables, and prepayments. In addition, all of the bond proceeds projected to be expended within the next fiscal year are classified as current assets.

Management's Discussion and Analysis
For the Period Ending August 31, 2014 (Unaudited)

During fiscal year 2014:

- There was a decrease of \$6,113,000 in current assets due to a decrease in short term investments, cash and cash equivalents that must be available for operations and construction during the next 12 months.

During fiscal year 2013:

- There was a decrease of \$2.8 million in current assets as cash and short-term investments increased by \$2 million and the previous year's large Pell receivable declined by \$2.2 million.

During fiscal year 2012:

- Current assets increased by 7.7% from \$29.9 million to \$40.8 million primarily due to an increase of \$2.1 million in federal Pell grant receivable. This was due to a timing difference in the draw-down of fall awards as the fall 2011 draw-down occurred in late August (before year-end) in fiscal 2011 while the fall 2012 draw-down did not occur until early September.

Capital assets, net of depreciation, increased by 38%, or \$25.4 million, during 2014 while increasing \$26.7 million during 2013. In accordance with GASB Statements No. 34 and 35, the District does not record the cost of its capital assets as an expense at the time of acquisition/completion of the asset, but rather shows the expense systematically over the expected life of the asset as depreciation expense. The purchases of land, building improvements, and equipment continue to exceed annual depreciation charges each year.

During fiscal 2014:

- Construction in Progress decreased by approximately \$15 million as construction completed on six Vision 2015 projects. Those projects were reclassified into the Buildings category of assets, as listed below. The remaining Construction in Progress consists of the Williams Continuing Education Center, Wilkerson Hall, Spur Building - Phase 2, and the Commons Landscape improvements.
- Buildings increased by \$40.1 million as construction was completed on the Wood Math & Science Building, the Saulsbury Campus Center, the Fire Technology Training Center, the Sedate Hall Welding Labs, and the Spur Building – Phase 1.
- Other land improvements increase by \$855 thousand as construction was completed on the IT Infrastructure improvements.
- Major equipment purchases included \$50,000 for a 6' fire truck, \$135,000 for Steinway pianos, \$104,000 for transportation equipment (a ranch truck, a maintenance man lift, and a driver's education car.).
- Grant-funded instructional equipment purchases included \$21,000 from Carl Perkins Grant, \$149,000 from the Texas Nursing Shortage Reduction Grant, and \$240,000 from the Texas Workforce Skills Development Oil and Gas Grant.

Management's Discussion and Analysis
For the Period Ending August 31, 2014 (Unaudited)

During fiscal 2013:

- The old bread store and adjoining land north of the campus was purchased for \$175,000 for future expansion, and a lot south of 23rd Street was purchased for \$25,000 for future parking.
- Construction in Progress increased by approximately \$21 million as construction progressed on six Vision 2015 projects, including the Wood Math & Science Building, the Campus Center, the Fire Technology Training Center, the Sedate Hall Welding Labs, the Central Services Building, and the Commons Landscape and Infrastructure improvements.
- Buildings increased by \$6.2 million as construction was completed on the Culinary Arts Center and the Softball/Tennis Complex.
- Major equipment purchases included \$343,000 for Culinary Arts kitchen equipment, \$50,000 for Steinway pianos, \$157,000 for computer and network equipment.
- Grant-funded instructional equipment purchases included \$67,000 from Carl Perkins Grant, \$125,000 from the Title V Rural Areas Distance Learning Grant, and \$25,000 from the Texas Nursing Shortage Reduction Grant.

During fiscal 2012:

- Land adjacent to the campus south of 23rd Street was purchased for \$130,000.
- Construction in Progress increased by approximately \$5 million as demolition, construction and design continued on several Vision 2015 capital improvement projects, including the Culinary Arts Center, the Math and Science Building, the Softball/Tennis Complex, and the Campus Center.
- Buildings increased by \$6.7 million due to the purchase of a \$6.3 million student housing facility and the purchase of a storage building complex south of campus.
- Major equipment purchases funded by grants included \$271,000 from the Title V Rural Areas Distance Learning Grant and \$51,000 from Carl Perkins funds.
- Other equipment purchases included \$227,000 for buses and other vehicles, \$196,000 for a new scoreboard, and \$72,000 for Steinway pianos.
- These additions to capital were offset by an increase in accumulated depreciation of \$1.4 million.

Total liabilities decreased by \$1.6 million in fiscal year 2014 and by \$2.9 million in fiscal 2013. The major changes were in non-current liabilities which decreased by \$3.5 million in 2014 and by \$2.4 million in 2013. The major contributing factors are explained below.

During fiscal 2014:

- Accounts payable related to construction and vendor purchases increased by \$475,000, reflective of higher construction activity at year-end.
- The current portion of bonds payable increased by \$1,120,000 due to scheduled increases in principle payments due within the next 12 months related to outstanding bonds.
- Non-current liabilities decreased by \$3.5 million due to principle payments on lease and bond obligations. There were no additions to long-term debt in 2014.

Management's Discussion and Analysis
For the Period Ending August 31, 2014 (Unaudited)

During fiscal 2013:

- Accounts payable related to construction and vendor purchases declined by \$441,000.
- The current portion of bonds payable increased by \$125,000 due to scheduled increases in principle payments due within the next 12 months related to outstanding bonds.
- Non-current liabilities decreased by \$2.4 million due to principle payments on lease and bond obligations. There were no additions to long-term debt in 2013.

During fiscal 2012:

- Accounts payable increased by a net of \$335,000. Year-end payables related to construction and equipment purchases increased by \$682,000 while payables to students and other vendors decreased by \$348,000. In addition, a contingent liability of \$469,000 was recorded, representing the state's share of TRS retirement benefits that remained unpaid by the state at year-end.
- The current portion of bonds payable increased by \$310,000 due to scheduled debt service payments due within the next 12 months related to the 2009 revenue bonds, the 2011 general obligation bonds, and the newly issued 2012 revenue bonds.
- Non-current liabilities increased by \$4.5 million due to the issuance of \$6.3 million in revenue bonds for the acquisition of student housing facility, offset by a principal payment of \$1.8 million on the 2009 revenue bond.

Overall, the District's net position increased by \$5.1 million during fiscal 2014, by \$4.6 million during 2013, and by \$5.2 million during 2012. The net position represent the District's equity, some of which is restricted for certain uses and some of which in unrestricted.

During fiscal 2014:

- The Net Investment in Capital Assets, representing the net value of the District's capital assets (land, buildings, and equipment) less the related debt, increased by almost \$1.2 million.
- The Restricted Net Position increased approximately \$3.35 million. The major increases were related to a \$3 million donation restricted for the construction of the Saulsbury Campus Center and investment income related to the unexpended bond funds. This net position will decrease over time as these funds are spent on construction and debt service.
- The Unrestricted Net Position increased by approximately \$480 thousand. The increase reflects an excess of unrestricted revenues over unrestricted expenses of \$800,000 in the maintenance and operating fund, offset by a net decrease of approximately \$328,000 in the plant renewal and replacement funds.

Management's Discussion and Analysis
For the Period Ending August 31, 2014 (Unaudited)

During fiscal 2013:

- The Net Investment in Capital Assets increased by almost \$2 million due to Vision 2015 construction projects.
- The Restricted Net Position increased approximately \$1.5 million. The major increases were related to a \$1 million donation restricted for the construction of the Wood Math & Science Building and investment income related to the unexpended bond funds. Assets restricted for debt service payments also increased by \$142,000 during the year. This net position will decrease over time as these funds are spent on construction and debt service.
- The Unrestricted Net Position increased by approximately \$1.1 million due to an excess of unrestricted revenues over unrestricted expenses.

During fiscal 2012:

- The Net Investment in Capital Assets, representing the net value of the District's capital assets (land, buildings, and equipment) less the related debt, increased \$2.3 million. Capitalized assets increased by \$11.3 million while the related long-term debt increased by \$9 million.
- Restricted Net Position increased approximately \$2.6 million. The major increases were related to a \$3 million donation restricted for the construction of the Wood Math & Science Building and investment income related to the unexpended bond funds. During the same time, assets restricted for debt service decreased by \$0.7 million.
- Unrestricted Net Position increased by approximately \$243,000 due to an excess of unrestricted revenues over unrestricted expenses.

Management's Discussion and Analysis
For the Period Ending August 31, 2014 (Unaudited)

Figure 2 Note: FY2013 and FY2012 have been restated to account for GASB Statement 65 changes and a prior period adjustment.

Revenues

Graph 1 below illustrates the sources of operating and non-operating revenues for fiscal years 2014, 2013, and 2012. As evidenced by the graph, the majority of revenue is derived from non-operating sources.

The current trend of the Non-Operating Revenues is an increasing percentage of revenue being provided by ad valorem taxes and state appropriations and a decreasing percentage by federal grants. The percent of total revenue provided by taxes and state appropriations has increased for each of fiscal years 2014, 2013, and 2012, while the percentage from federal grants has decreased over the same time period. The recent trend of Operating Revenues shows a decreasing percentage from tuition and fees and governmental grants, while auxiliary and other revenue has increased slightly.

Graph 1

Operating Revenues:

Key factors impacting Operating Revenues are explained below:

During fiscal 2014:

- Tuition and Fee Revenue, net of discounts, decreased by \$632,000, or about 8%. Gross tuition and fees actually increased by \$240,000 due to an increase in semester credit hours. At the same time, scholarship allowances and discounts increased by \$872,000 due to local remissions and exemptions, the academic progress discount, and the first full year of the first class free discount.
- State Operating Grants increased by \$899,000 due to a Texas Workforce Commission skills development grant partnering with Chevron USA Inc.

During fiscal 2013:

- Tuition and Fee Revenue, net of discounts, increased only slightly by \$116,000. Gross tuition and fees actually decreased by \$170,000 due to a dip in semester credit hours. At the same time, scholarship allowances and discounts declined by \$286,000 due to continued decline in federal student aid grants applied to tuition.
- Federal Operating Grants decreased by \$835,000 or 38%. Funding of the Title V distance learning grant decreased by \$400,000 for 2013 due to decreased activity. In addition, the conclusion of two U.S. Department of Education grants (for Upward Bound and pre-engineering) and a U.S. Department of Labor grant (ARRA-Pathways out of Poverty) resulted in an additional decrease of \$371,000.
- State Operating Grants also decreased by \$108,000 due to a reduction in State Adult Basic Education grants, AVID training grants, and the end of a Texas Workforce Commission machine training grant.

During fiscal 2012:

- Tuition and Fee Revenue, net of discounts, increased by \$3.2 million. Gross tuition and fees increased by \$1.5 million due to an increase in student enrollment and higher tuition and fee rates. In addition, scholarship allowances and discounts declined by \$1.7 million due to a decline in federal student aid grants applied to tuition.
- Federal Operating Grants decreased by \$298,000 or 11.8%, due to the end of the two U.S. Department of Labor job training grants, the CCRA pre-engineering grant, and reduced funding from the Carl Perkins basic grant.
- Sales and Services of Educational Activities increased by \$78,000, or 18.6%, due to a full year of increased rates and higher enrollments at the Children's Center.

Non-Operating Revenues:

Non-Operating Revenues increased by \$2.4 million in 2014 after decreasing by \$1.1 million in 2013 and increasing \$2.9 million during 2012. Key factors impacting Non-Operating Revenues are discussed below:

During fiscal 2014:

- Total State Appropriations increased by \$1,124,000, or 12%, due to a reallocation of state funding based on prior year enrollments as well as a slight increase in state funding of group health insurance premiums.
- Property Tax revenue increased by \$1,455,000, or 6%, due to higher property values. Total assessed valuations increased by 12.8% while the tax rate declined by 7.5%.

During fiscal 2013:

- Total State Appropriations increased by \$170,000, or 2%, due to a reallocation of state funding based on prior year enrollments as well as a slight increase in state funding of group health insurance premiums.
- Property Tax revenue increased by \$1,314,000, or 7.7%, due to higher property values. Total assessed valuations increased by 12.8% while the tax rate declined by 4.1%. The major increases in values came from personal property (up 25%) and minerals (up 11%).
- Federal Grants for Title IV student aid decreased by \$1,060,000, or 17%, as the number of Pell grant awards decreased from 1,966 in fiscal 2012 to 1,686 in fiscal 2013.

During fiscal 2012:

- State Appropriation declined by \$2,376,000 or 22%, including decreases of \$1,018,000 in general revenue allocation and \$1,385,000 in health insurance and retirement benefits. The District's allocation from the state nursing shortage reduction grant increased by \$67,000.
- Property Tax revenue increased by \$4,949,000, or 30.9%, due to higher property values and a new tax levy for debt service. The new debt service tax rate was set at \$0.03686 while the rate for maintenance and operations remained unchanged at \$0.1584. Taxable appraised values increased for minerals (up 6.4%), industrial property (up 12.5%), and personal property (up 12.8%).
- Federal Grants for Title IV student aid decreased by \$1,400,000, or 18.3%, as the number of Pell grant awards decreased from 2,266 in fiscal 2011 to 1,966 in fiscal 2012.

Operating Expenses by Functional Classification

Functional classifications are the traditional categories that have been used to show expenses. They represent the type of programs and services provided. Graph 2 below compares operating expenses classified by functional category for fiscal years 2014, 2013 and 2012.

Graph 2

Management's Discussion and Analysis
For the Period Ending August 31, 2014 (Unaudited)

As shown in Figure 2, total Operating Expenses increased by \$4.7 million or 10.4% in 2014, after a slight decrease of \$514,000 or 1.2%, during 2013, and a significant decrease of \$1,395,000, or 3.3% during 2012. Key factors impacting operating expenses by functional expense categories are described below:

During fiscal 2014:

- Instructional expenditures increased by \$2,789,000, or 18.9%, due to an increase in salary of \$325,000 due to filling open instruction positions during the year, as well as an increase in other expenses of \$2,160,000 with resulted from non-capitalized equipment purchases related to the completion of Vision 2015 construction projects.
- Public Service expenditures increased by \$271,000, or 29.8%, primarily due to increases in adult basic education and sports center salaries, increases in retirement benefits no longer paid by the state, increases in information technology support, and equipment purchases for the Sports Center.
- Student services expenditures increased by \$864,000, or 30.7%. The increases were primarily the result of filling several key professional positions, purchasing new social networking software, additional information technology support, and higher retirement costs no longer paid by the state.
- Scholarship expenditures decreased by \$166,000, or 3.5%, due to a continued decrease in the number of students receiving Pell grants.
- Depreciation expenditures increased by \$261,000, or 16.6%, due to the increase in capitalized assets related to the Vision 2015 campus improvement projects.

During fiscal 2013:

- Instructional expenditures declined by \$525,000, or 3.4%, due to a decline in salaries of \$244,000 that resulted from several faculty openings during the year, as well as a decline in contracted instruction of \$308,000 from a decrease in the enrollment of continuing education students.
- Public Service restricted expenditures declined by \$345,000, or 91.7%, primarily due to the Upward Bound federal grant not being awarded during the year resulting in a decrease of \$294,000. In addition, fewer renovations were made to the Sports Center facilities as compared to fiscal 2012.
- Academic Support restricted expenditures declined by \$340,000, or 31.6%, due primarily to a decline in Title V spending and a decrease in AVID professional development expenses.
- Institutional Support increased by \$768,000, or 13.2%, due to new positions in Institutional Effectiveness and Information Technology on campus as well as the board approved salary increases.
- Scholarship expenditures decreased by \$524,000, or 10%, due to a continued decline in the number of students receiving Pell grants. At the same time, the amount of TPEG and TEXAS grants increased by about \$112,000.
- Depreciation expenditures increased by \$126,000, or 8.7%, due to the increase in capitalized assets.

Management's Discussion and Analysis
For the Period Ending August 31, 2014 (Unaudited)

During fiscal 2012:

- Public Service expenditures declined by \$122,000, or 9.2% due to the sale of KOCV-FM, the District's public radio station.
- Academic Support expenditures increased by \$333,000, or 8.8%, due to increases salaries and operating expenditures related to the Title V Rural Areas Distance Learning Grant and the AVID training grant.
- Institutional Support decreased by \$517,000, or 8.2%, due to a decreases in election costs, marketing expenses, and state-paid benefits.
- Physical Plant expenditures decreased by \$354,000, or 9.6% due to several open positions and a decrease in property insurance expense. In addition, there were no major construction projects and fewer renovation projects in 2012.
- Scholarship expenditures decreased by \$899,000, or 14.7%, from the 2011 amount. Two major changes in financial aid affected the award to students starting in FY2011: (1) stricter requirements on the appeal process for satisfactory progress and (2) elimination of additional Pell funds for the summer terms.
- Depreciation expenditures increased by \$74,000, or 5.4%, due to the increase in capitalized assets.

Other Revenues consist mainly of capital contributions in the form of gifts and grants as well as additions to permanent endowments. Capital contributions for fiscal 2014 were \$3.3 million compared to \$1.1 million in 2013 and \$3 million in 2012. A \$3 million gift was received from the Saulsbury Family Foundation to aid in the construction of the new campus center. A \$1 million anonymous gift was received in honor of Dr. Greg Williams to aid in the construction of the new continuing education building. In 2012, a \$3 million donation was received from the Clay & Louise Wood Family Foundation for the new math and science building.

Management's Discussion and Analysis
For the Period Ending August 31, 2014 (Unaudited)

Capital Assets and Debt Administration

Capital Assets

The District's investment in capital assets, net of depreciation, was \$91.9 million at the end of fiscal 2014, compared to \$66.5 million in 2013, and \$39.8 million in 2012. A summary of capitalized assets for fiscal years 2014, 2013, and 2012 is shown below in Figure 3. This information is also presented in Note 5 of the Financial Statements. Details of capital asset activity can be found on pages 5-6 of this Management's Discussion and Analysis report.

**Capital Assets, Net of Depreciation
(thousands of dollars)**

	Year Ended August 31,			Increase (Decrease)

Figure 3

The District is in the midst of a \$79 million, multi-year campus improvement project called "Vision 2015". Funding is coming from a \$68.5 million general obligation bond passed in November 2010 as well as private capital donations. Vision 2015 improvements will result in the addition of 7 new buildings and renovations to 6 existing facilities.

Management's Discussion and Analysis
For the Period Ending August 31, 2014 (Unaudited)

Debt Administration

The District had outstanding debt of \$87.6 million as of August 31, 2014, and \$89.9 million and \$92.2 million as of August 31, 2013 and 2012, respectively. No new debt was issued during 2014. Fiscal 2012 saw an increase of \$6.3 million in revenue bond debt related to the purchase of the student housing facility and new capital leases of \$161,000 for buses. Principal payments on long-term debt totaled \$2,325,000 in 2014, \$2,275,000 in 2013, and \$1,985,000 in 2012. Details of the outstanding long-term liabilities by type as of August 31, 2014, 2013, and 2012 can be seen below in Figure 4.

**Outstanding Debt
(thousands of dollars)**

	Year Ended August 31,		
	<u>2014</u>	<u>2013</u>	<u>2012</u>
General Obligation Bonds	\$ 68,340	\$ 68,470	\$ 68,500
Revenue Bonds	19,185	21,340	23,470
Capital Lease Notes	40	80	195
Total Outstanding Debt	\$ 87,565	\$ 89,890	\$ 92,165

Figure 4

On April 30, 2014, Standard & Poor's Ratings Services revised its outlook to positive from stable on the District's series 2009 and 2012 revenue bonds. At the same time, S&P affirmed its "A" underlying rating on the bonds. According to S&P,

"The positive outlook reflects our view of the district's consistent operating performance in the past three years aided by strong increases in its property tax base and above-average financial resource ratios for the 'A' rating category. We believe that the potential cyclical nature of the enrollment base remains a credit risk given a predominantly enrollment-based state funding formula (almost 90% of the district's current state funding is based on contact-hours, an enrollment-based measure). We expect the district to manage its operations and budget to accommodate potential enrollment fluctuations."

On March 1, 2013, Moody's Investors Service affirmed the "A1" underlying rating on the District's series 2009 revenue bonds. The rationale for the affirmation included the following statements of strengths:

"Booming local economy and increased property values... Consistently healthy operating performance with a three-year operating margin of 7.6% in FYs 2010-2012 and operating cash flow of 22.3% in FY2012. Active budget management and growth in tax support have enabled the college to offset decreases in enrollment and have successfully offset recent cuts in state support for operations and maintenance over the last two years."

Both the 2009 and 2012 revenue bonds are covered by municipal bond insurance policies issued by Assured Guarantee Municipal Corp. (AGM).

Management's Discussion and Analysis
For the Period Ending August 31, 2014 (Unaudited)

The 2011 General Obligation bonds were assigned ratings of "AA-" from both Fitch Ratings ("Fitch") and Standard & Poor's Ratings Services ("S&P").

Economic Factors That Will Affect the Future

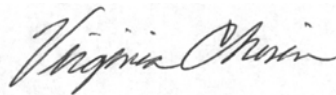

The economic position of the District is influenced in part by the economic position of the nation, the state of Texas, and of Ector County. While the state of Texas is currently recovering from the recent national recession, the local economy has remained strong. Ector County continues to enjoy an extremely low unemployment rate, and oil-related business activity and retail indicators are continuing to rise. The District has benefitted from increases in taxable values, and this positive trend is expected to continue, although at a more moderate rate. Tuition revenues are stable as a result of healthy enrollment and tuition rate increases.

The District has compensated for reduced state support through conservative budgeting combined with increases in enrollment, tuition, and local property tax revenue. After making severe cuts to state funding in 2011, the Texas 83rd Legislative Session resulted in an 8.1% increase in state funds for community colleges for fiscal years 2014 and 2015. The legislature also enacted a student success funding model and codified a 50/50 cost sharing of benefits between the state and the local districts. In addition, the District continues to receive the support of the Odessa community, as indicated by the recent successful bond election and increased levels of donations to the District and the OC Foundation.

While it is not possible to predict the effects of future economic conditions, management believes the District has a solid and stable financial position and is well equipped to handle the increasing demands for a better educated workforce. The District continually monitors its internal and external environments for factors that may affect its financial position in either the short-term or long-term. Administration is not aware of any currently known facts, decisions, or conditions that are expected to have a significant effect on the financial position or results of operations during the current fiscal year.

Requests for Information

This annual financial report is designed to provide interested stakeholders with a general overview of the District's finances and to show the District's accountability for the money it receives. Questions concerning the information provided in this report or requests for additional information should be addressed to the Chief Financial Officer at Odessa College, 201 West University Blvd, Odessa, TX 79764.

Odessa Junior College District

NOTES TO FINANCIAL STATEMENTS

August 31, 2014 and 2013

NOTE 1 – REPORTING ENTITY

Odessa Junior College District (the “District”) was established in 1946, in accordance with the laws of the State of Texas, to serve the educational needs of Ector County and the surrounding communities. The District is considered to be a special purpose, primary government according to the definition in Governmental Accounting Standards Board (“GASB”) Statement 14, *The Financial Reporting Entity*. While the District receives funding from local, state, and federal sources, and must comply with the spending, reporting, and recordkeeping requirements of these entities, it is not a component unit of any other governmental entity.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. *Reporting Guidelines*

The significant accounting policies followed by the District in preparing these financial statements are in accordance with the *Texas Higher Education Coordinating Board's Annual Financial Reporting Requirements for Texas Public Community and Junior Colleges*. The District applies all applicable GASB pronouncements. The District is reported as a special-purpose government engaged in business-type activities.

2. *Tuition Discounting*

Texas Public Education Grants

Certain tuition amounts are required to be set aside for use as scholarships by qualifying students. This set aside, called the Texas Public Education Grant (“TPEG”), is shown with tuition and fee revenue amounts as a separate set aside amount (Texas Education Code §56.033). When the award for tuition is used by the student, the amount is recorded as tuition and a corresponding amount is recorded as a tuition discount. If the amount is dispersed directly to the student, the amount is recorded as a scholarship expense.

Title IV, HEA Program Funds

Certain Title IV HEA Program funds are received by the District to pass through to the student. These funds are initially received by the District and recorded as restricted revenue. When the student is awarded and uses these funds for tuition and fees, the amounts are recorded as revenue and a corresponding amount is recorded as a tuition discount. If the amount is dispersed directly to the student, the amount is recorded as a scholarship expense.

Other Tuition Discounts

The District awards tuition and fee scholarships from institutional funds to students who qualify. When these amounts are used for tuition and fees, the amounts are recorded as tuition and fee revenue and a corresponding amount is recorded as a tuition discount. If the amount is dispersed directly to the student, the amount is recorded as a scholarship expense.

3. *Basis of Accounting*

The financial statements of the District have been prepared on the accrual basis whereby all revenues are recorded when earned and all expenses are recorded when they have been reduced to a legal or contractual obligation to pay.

Odessa Junior College District

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

August 31, 2014 and 2013

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

4. *Budgetary Data*

Each community college district in Texas is required by law to prepare an annual operating budget of anticipated revenues and expenditures for current operating funds for the fiscal year beginning September 1. The budget, which is prepared on the accrual basis of accounting, is adopted by the District's Board of Trustees. A copy of the approved budget must be filed with the Texas Higher Education Coordinating Board, Legislative Budget Board, Legislative Reference Library, and the Governor's Office of Budget and Planning by December 1.

5. *Cash and Cash Equivalents*

The District's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition. Because of their highly liquid nature, funds held in public funds investment pools are also considered to be cash equivalents.

6. *Investments*

In accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and External Investment Pools*, investments are reported at fair value. Fair values are based on published market rates. Short-term investments have an original maturity greater than three months but less than one year at the time of purchase. Long-term investments have an original maturity of greater than one year at the time of purchase.

7. *Inventories*

Inventories consist of consumable physical plant and food service supplies. Inventories are stated at the lower of cost, determined using the first-in, first-out method, or market. They are charged to expense as consumed.

8. *Capital Assets*

Capital assets are stated at cost. Donated capital assets are valued at their estimated fair market value on the date received. The District's policy calls for capitalization of equipment, infrastructure and land improvements with a unit cost of \$5,000 or more and an estimated useful life in excess of two years. Buildings and building renovations in excess of \$100,000 that significantly increase the value or extend the useful life of the structure are also capitalized. The District reports depreciation under a single-line as a business-type unit. Depreciation is computed using the straight-line method over the estimated useful lives of the assets. The following lives are used:

Buildings and Building Improvements	50 years
Other Real Estate Improvements	20 years
Library Books	15 years
Furniture, Machinery, Vehicles and Other Equipment	10 years
Telecommunications and Peripheral Equipment	5 years

9. *Deferred Revenue*

Deferred revenue relates to student tuition, fees and other revenues received during the current fiscal period for classes or activities to be held in the following period.

Odessa Junior College District

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

August 31, 2014 and 2013

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

10. *Estimates*

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

11. *Operating and Non-Operating Revenue and Expense Policy*

The District distinguishes operating revenues and expenses from non-operating items. The District reports as a BTA and as a single, proprietary fund. Operating revenues and expenses generally result from providing services in connection with the District's principal ongoing operations. The principal operating revenues are tuition and related fees. The major non-operating revenues are state appropriations, Title IV grant revenue, and property tax collections. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets.

12. *New Accounting Pronouncements*

GASBS No. 68

GASB Statement 68, *Accounting and Financial Reporting for Pensions—an amendment of GASB Statement No. 27*, was issued June 2012. The primary objective of this Statement is to improve accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for pensions with regard to providing decision-useful information, supporting assessments of accountability and interperiod equity, and creating additional transparency. The provisions of Statement 68 are effective for fiscal years beginning after June 15, 2014. Earlier application is encouraged.

GASBS No. 69

GASB Statement 69, *Government Combinations and Disposals of Government Operations*, was issued in January 2013. This statement establishes accounting and financial reporting standards related to government combinations and disposals of government operations. As used in this statement, the term government combinations includes a variety of transactions referred to as mergers, acquisitions, and transfer of operations. The provisions of Statement 69 are effective for financial statements for reporting beginning after December 15, 2013, and should be applied on a prospective basis. Early application is encouraged.

GASBS No. 70

GASB Statement 70, *Accounting and Financial Reporting for Nonexchange Financial Guarantees*, was issued April 2013. Some governments extend financial guarantees for the obligations of another government, a not-for-profit entity, or a private entity without directly receiving equal or approximately equal value in exchange (a nonexchange transaction). As a part of this nonexchange financial guarantee, a government commits to indemnify the holder of the obligation if the entity that issued the obligation does not fulfill its payment requirements. Also, some governments issue obligations that are guaranteed by other entities in a nonexchange transaction. The objective of this Statement is to improve accounting and financial reporting by state and local governments that extend and receive nonexchange financial guarantees. The provisions of Statement 70 are effective for financial statements for reporting beginning after June 15, 2013. Earlier application is encouraged.

Odessa Junior College District

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

August 31, 2014 and 2013

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

13. *Characterization of Title IV Grant Revenue*

In response to guidance provided by the GASB as question/answer 7.72.10 in the Implementation Guide, revenue received for federal Title IV grant programs (i.e. Pell grants) are now characterized as non-operating revenue as opposed to operating revenue.

14. *Prior Year Restatement*

In March 2012, the GASB issued statement 65, *Items Previously Reported as Assets and Liabilities*, which is effective for periods beginning after December 15, 2012. In accordance with this statement, debt issuance costs are required to be expensed in the year they are incurred.

The financial statements for 2013 have been adjusted to remove the amortization of debt issuance costs (recognized as other non-operating expenses) and corresponding assets recorded in 2012 and prior. The effect of the restatement was to increase net income by \$103,981 for 2013 and to decrease net position by \$1,449,277. Net position at the beginning of 2013 has been adjusted for the effects of the restatement on prior years.

15. *Reclassifications*

Certain reclassifications have been made to conform to the 2014 presentation.

NOTE 3 – AUTHORIZED INVESTMENTS

The Board of Trustees of the District has adopted a written investment policy regarding the investment of its funds as defined in the Public Funds Investment Act of 1995 (Section 2256.001, Texas Government Code). The investments of the District are in compliance with Trustees' investment policies. Such investments include (1) obligations of the United States or its agencies, (2) direct obligations of the State of Texas or its agencies, (3) obligations of political subdivisions rated not less than A by a national investment rating firm, (4) certificates of deposit, and (5) other instruments and obligations authorized by statute.

In accordance with Sec. 2256.005 (n) of the Public Funds Investment Act, the community college, "...shall arrange for a compliance audit of management controls on investments and adherence to the District's established investment policies. The compliance audit shall be performed by the District's internal auditor or by a private auditor...Not later than January 1 of each even numbered year, the community college shall report the results of the most recent audit performed to the state auditor."

The State Auditor has determined that the District and their independent auditors should indicate compliance with the Act by completing the following:

- the categorization of investments by risk which is required by GASB 3 in the footnote "Deposits and Investments," and
- placing a statement in the scope paragraph of the Report on Compliance and on Internal Controls over Financial Reporting which indicate the audit work covered in the Act, or
- writing a separate letter to the State Auditor's Office stating that the District is in compliance with all requirements of the Act.

Odessa Junior College District
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
August 31, 2014 and 2013

NOTE 4 – DEPOSITS AND INVESTMENTS

Deposits: At August 31, 2014 and 2013, the carrying amount of the District's deposits was \$12,147,000 and \$11,134,142, respectively; and bank balances equaled \$13,085,138 and \$11,326,787. Bank balances of \$512,119 and \$520,392 are covered by federal depository insurance and \$12,573,018 and \$10,806,395 were covered by collateral pledged in the District's name. The collateral was held by the District or by its Agent (Category 1). There were no uncollateralized bank balances (Category 3) at either year end. (This would have included any bank balance that was collateralized with securities held by the pledging financial institution's department or agent but not in the Districts' name). The District held \$11,407,280 and \$11,978,797 in state approved public investment pools at August 31, 2014 and 2013, respectively.

Cash and Deposits included on Exhibit 1, Statement of Net Assets, consist of the items reported below at August 31:

Cash and Deposits		2014	2013

Total Fair Value	\$ 45,287,021	29,659,863	12,136,989	3,490,169

Interest Rate Risk: In accordance with state law and District policy, the District has established maturity limitations on investments purchased. Investments of the operating and renewal and replacement funds do not have maturities in excess of 5 years. Investments of debt service funds do not have maturities in excess of the debt service dates. Additionally, maturities of commercial paper and bankers acceptances shall not exceed 270 days, repurchase agreements shall not exceed 2 years, and reverse repurchase agreements shall not exceed 90 days.

Credit Risk: In accordance with state law and the District's investment policy, investments in mutual funds and investment pools must be rated at least AAA, commercial paper must be rated at least A-1 or P-1, and investments in obligations of states, agencies, counties, cities, and other political subdivisions must be rated at least A. Applicable credit ratings of investments at August 31, 2014 and 2013 are reported below:

Investment Type	Credit Rating
U.S. Government Agencies – FHLB	S&P: AAA; Moody's:Aaa
U.S. Government Agencies – FFCB	S&P: AAA; Moody's:Aaa;FI: AAA
U.S. Government Agencies – FNMA	S&P: AAA; Moody's:Aaa;FI: AAA
U.S. Government Agencies – FHLMC	S&P: AAA; Moody's:Aaa;FI: AAA
Tex Pool Prime	S&P: AAAm
TexPool	S&P: AAAm
LOGIC	S&P: AAAm
Lone Star Government Overnight Fund	S&P: AAA
Lone Star Corporate Overnight Plus Fund	S&P: AAA
Municipal Bonds	S&P: A and above
Corporate Bonds	S&P: A and above

Concentration of Credit Risk: The District does not place a limit on the amount the District may invest in any one issuer. More than 5% of the District's investments are in FNMA Government (5.7%) securities.

Custodial Credit Risk: The District's investments have no custodial credit risk.

NOTE 8 – BONDS PAYABLE (CONTINUED)

2011 General Obligation Bonds

- Limited Tax Bonds, Series 2011
- The bonds were issued for the acquisition, construction, renovation and equipment of school buildings in the District and to pay for related bond issuance.
- Issued on April 21, 2011.
- \$68,500,000 original amount of issue; all authorized bonds have been issued.
- Source of payment – property tax revenues; no bond reserve fund is required.
- The Bonds are due in annual installments of principal and interest varying from \$4,226,081 to \$4,755,494, with interest rates from 1.65% to 5.25%, and with the final installment due on August 15, 2041.
- The Bonds are subject to optional redemption on or after August 15, 2021.

2009 Revenue Bonds

- Consolidated Fund Revenue Refunding Bonds, Series 2009
- The bonds were issued to refund the outstanding obligations of the Series 1998-A Bonds, to pay for related bond issuance costs, and to deposit \$2,491,009 in a debt service reserve fund.
- Issued on July 15, 2009.
- \$22,720,000 original amount of issue; all authorized bonds have been issued.
- Source of payment – pledged revenues, including: the general use fee, the District bookstore revenues, the tuition pledge, the District cafeteria revenues, the dormitory system revenues, the operating fees, gifts, grants, or donations from any public or private source that are not restricted or dedicated with respect to their use or purpose, and the earnings on all investments of the District lawfully available for such purpose.
- The Bonds are due in annual installments of principal and interest varying from \$2,478,600 to \$2,570,029, with interest rates from 3.00% to 4.00%, and with the final installment due on December 1, 2019.
- The Bonds are not subject to redemption prior to stated maturity.

A Summary of bond principal is as follows:

	Balance Sept. 1, 2013	Issued	Retired	Balance Aug. 31, 2014
Series 2009 Bonds	\$ 15,250,000	-	1,965,000	13,285,000
Series 2011 Bonds	68,470,000	-	130,000	68,340,000
Series 2012 Bonds	6,090,000	-	190,000	5,900,000
Total Bonds	\$ 89,810,000	-	2,285,000	87,525,000

At August 31, 2014, there were no defeased bonds outstanding.

Odessa Junior College District

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

August 31, 2014 and 2013

NOTE 9 – OPERATING LEASE COMMITMENTS

The District leases various equipment and facilities by means of Operating Lease Agreements. These agreements have clauses which allow the District to terminate the agreement if funding becomes unavailable or the Board of Trustees does not approve funding. Operating lease payments during the fiscal years ended August 31, 2014 and 2013 were \$164,970 and \$160,686, respectively.

Future minimum rental payments are as follows:

For the Year Ended August 31,		Operating Leases
2015	\$	158,859
2016		115,860
2017		104,875
2018		99,220
2019		66,131
Total	\$	544,945

NOTE 10 – EMPLOYEES’ RETIREMENT PLAN

The State of Texas has joint contributory retirement plans for almost all its employees. One of the primary plans in which the College participates is administered by the Teacher Retirement System of Texas.

Teacher Retirement System of Texas

Plan Description. The Odessa Junior College District contributes to the Teacher Retirement System of Texas (TRS), a cost-sharing multiple employer defined benefit pension plan. TRS administers retirement and disability annuities, and death and survivor benefits to employees and beneficiaries of employees of the public school systems of Texas. It operates primarily under the provisions of the Texas Constitution, Article XVI, Sec. 67, and Texas Government Code, Title 8, Subtitle C. The Texas state legislature has the authority to establish and amend benefit provisions of the pension plan. TRS issues a publicly available financial report with required supplementary information which can be obtained from www.trs.state.tx.us, under the TRS Publications heading.

Funding Policy. Contribution requirements are not actuarially determined but are established and amended by the Texas state legislature. The state funding policy is as follows: (1) The state constitution requires the legislature to establish a member contribution rate of not less than 6% of the member’s annual compensation and a state contribution rate of not less than 6% and not more than 10% of the aggregate annual compensation of all members of the system; (2) A state statute prohibits benefit improvements or contribution reductions if, as a result of a the particular action, the time required to amortize TRS’ unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action. State law provides for a member contribution rate of 6.4% and a state contribution rate of 6.8% for fiscal year 2014 and 6.4% for fiscal year 2013. Senate Bill 1812, effective September 1, 2013, limits the amount of the state’s contribution to 50% of eligible employees in the reporting district.

Odessa Junior College District

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

August 31, 2014 and 2013

NOTE 10 – EMPLOYEES' RETIREMENT PLAN (CONTINUED)

Optional Retirement Plan

Plan Description. The state has also established an optional retirement program for institutions of higher education. Participation in the Optional Retirement Program is in lieu of participation in the Teacher Retirement System. The optional retirement program provides for the purchase of annuity contracts and operates under the provisions of the Texas Constitution, Article XVI, Sec. 67, and Texas Government Code, Title 8, Subtitle C.

Funding Policy. Contribution requirements are not actuarially determined but are established and amended by the Texas state legislature. State law provides for a member contribution rate of 6.65% and a state contribution rate of 6.60% for fiscal year 2014 and 6.00% for fiscal year 2013. The College contributes 0.71% for employees who are participating in the optional retirement program. Benefits fully vest after one year plus one day of employment. Because these are individual annuity contracts, the state has no additional or unfunded liability for this program. Senate Bill 1812, effective September 1, 2013, limits the amount of the state's contribution to 50% of eligible employees in the reporting district.

The retirement expense to the State for the District was \$425,754 and \$904,829 for the fiscal years ended August 31, 2014 and 2013, respectively. This amount represents the portion of expended appropriations made by the State Legislature on behalf of the College.

The total payroll for all District employees was \$19,929,715 and \$19,388,854 for fiscal years 2014 and 2013, respectively. The total payroll of employees covered by the Teacher Retirement System was \$13,779,990 and \$12,907,014 and the total payroll of employees covered by the Optional Retirement Program was \$3,837,014 and \$4,268,222 for fiscal years 2014 and 2013, respectively.

NOTE 11 – DEFERRED COMPENSATION PROGRAM

The District's employees may elect to defer a portion of their earnings for income tax and investment purposes pursuant to authority granted in Government Code 609.001. As of August 31, 2014 and 2013, the District had no employees participating in the program.

NOTE 12 – COMPENSABLE ABSENCES

Full-time employees in 12-month positions earn annual vacation leave from 6.67 to 13.33 hours per month depending on the number of years employed with the District. The District's policy allows a full-time employee to accumulate a balance equal to one hundred fifty percent (150%) of his or her annual accrual rate. Employees with at least six months of service who terminate their employment are entitled to payment for all accumulated vacation leave. The District has recognized the accrued liability for the unpaid annual leave for the periods ending August 31, 2014 and 2013 in the amounts of \$479,981 and \$454,970, respectively.

Sick leave, which can be accumulated to a maximum of seven hundred twenty (720) hours, is earned at the rate of eight (8) hours per month. The District's policy is to recognize the cost of sick leave when paid. The liability is not shown in the financial statements since experience indicates the expenditure for sick leave to be minimal.

Odessa Junior College District

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

August 31, 2014 and 2013

NOTE 13 – PENDING LAWSUITS AND CLAIMS

In the ordinary course of business, the District is involved with various claims and potential litigation. While the ultimate liability with respect to litigation and other claims asserted against the District cannot be reasonably estimated at this time, this liability, to the extent not provided for by insurance or otherwise, is not likely to have a material effect on the District.

The District receives federal, state and local grants that are subject to review and audit by the grantor agencies. Such audits could lead to requests for reimbursement to the grantor agency for expenditures disallowed under terms of the grant. The District's management believes such disallowances, if any, will not have a material effect on the basic financial statements.

NOTE 14 – DISAGGREGATION OF RECEIVABLES AND PAYABLES BALANCES

Receivables at August 31, 2014 and 2013 were as follows:

	<u>2014</u>	<u>2013</u>
Tuition and fees receivable	\$ 423,620	435,316
Taxes receivable	1,598,313	1,490,234
Federal receivable	336,705	737,369
State receivable	346,755	29,141
Interest receivable	142,428	271,470
Other receivables	<u>2,012,363</u>	<u>1,998,355</u>
Subtotal	4,860,184	4,961,885
Allowance for doubtful accounts	<u>(1,910,292)</u>	<u>(1,816,344)</u>
Total	<u>\$ 2,949,892</u>	<u>3,145,541</u>

Payables at August 31, 2014 and 2013 were as follows:

	<u>2014</u>	<u>2013</u>
Vendors payable – operations	\$ 872,428	1,052,821
Vendors payable – capital	1,002,029	390,811
Students payable	<u>1,340,284</u>	<u>1,297,429</u>
Total	<u>\$ 3,214,741</u>	<u>2,741,061</u>

NOTE 15 – CONTRACT AND GRANT AWARDS

Contract and grant awards are accounted for in accordance with the requirements of the AICPA Industry Audit Guide, *Audits of Colleges and Universities*. Revenues are recognized on Exhibit 2 and Schedule A and Schedule C. For federal contract and grant awards, funds expended, but not collected, are reported as Federal Receivables on Exhibit 1. Non-federal contract and grant awards for which funds are expended, but not collected, are reported as Accounts Receivable on Exhibit 1. Contract and grant awards that are not yet funded and for which the institution has not yet performed services are not included in the financial statements. Contract and grant awards funds already committed, e.g., multi-year awards, or funds awarded during fiscal years 2014 and 2013 for which monies have not been received nor funds expended totaled \$4,378,920 and \$3,316,317, respectively. Of these amounts, \$3,060,579 and \$2,586,129 were from federal contract and grant awards; \$1,312,662 and \$724,510 were from state contract and grant awards; and \$5,678 and \$5,678 were from private contract and grant awards for the fiscal years ended August 31, 2014 and 2013, respectively.

Odessa Junior College District

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

August 31, 2014 and 2013

NOTE 16 – POST RETIREMENT, HEALTH CARE AND LIFE INSURANCE BENEFITS

In addition to the pension benefits described, the state provides certain health care and life insurance benefits for retired employees. Almost all of the employees may become eligible for those benefits if they have reached the minimum age for retirement, have the required years of service, and meet applicable qualifications of TRS, Optional Retirement Program (“ORP”) and Employees Retirement System of Texas (“ERS”).

Those and similar benefits for active employees are provided through an insurance company whose premiums are based on benefits paid during the previous year. The state recognizes the cost of providing these benefits by expending the annual insurance premiums. Certain categories of employees, such as physical plant and auxiliary staff, are not eligible for state funding of health care benefits. The District uses local funds to pay the premiums for those employees. The state’s contribution was \$1,676,865 and \$1,184,606 for the years ended August 31, 2014 and 2013, respectively, for retired and active employees.

The cost of providing health care benefits to retirees and active employees is as follows for the years ending August 31:

	<u>2014</u>	<u>2013</u>
Number of retirees receiving benefits	\$ 178	171
Cost of state’s contribution	1,107,096	989,545
Cost of local contribution	<u>89,996</u>	<u>81,745</u>
Total cost of benefits for retirees	<u>1,197,092</u>	<u>1,071,290</u>
Number of active employees receiving benefits	<u>336</u>	<u>330</u>
Cost of state’s contribution	569,769	195,061
Cost of federal grant contribution	11,642	22,707
Cost of local contribution	<u>1,731,687</u>	<u>2,030,324</u>
Total cost of benefits for active employees	\$ <u>2,313,098</u>	<u>2,248,092</u>

Odessa Junior College District

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

August 31, 2014 and 2013

NOTE 17 – AD VALOREM TAX

The District's ad valorem property tax is levied each October 1st on the assessed value listed as of the prior January 1st for all real and business personal property located in the College district.

At August 31:

		<u>2014</u>	<u>2013</u>
Assessed valuation of the District (at January 1, 2014 and 2013)	\$	16,176,603,052	14,112,226,708
Less: exemptions		(2,195,608,120)	(1,938,552,413)
Less: abatements		<u>(192,699,830)</u>	<u>(185,363,260)</u>
Net assessed valuation of the District	\$	<u>13,788,295,102</u>	<u>11,988,311,035</u>

At August 31:

	<u>2014</u>			<u>2013</u>		
	<u>Current Operations</u>	<u>Debt Service</u>	<u>Total</u>	<u>Current Operations</u>	<u>Debt Service</u>	<u>Total</u>
Authorized tax rate per \$100 valuation (Maximum per enabling legislation)	\$ 0.20	0.50	0.70	0.20	0.50	0.70
Assessed tax rate per \$100 valuation	\$ 0.14347	0.03065	0.17412	0.15120	0.03597	0.18717

Taxes levied (including adjustments to the certified levies) for the years ended August 31, 2014 and 2013 were \$24,008,868 and \$22,438,522, respectively. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed.

At August 31:

	<u>2014</u>			<u>2013</u>		
	<u>Current Operations</u>	<u>Debt Service</u>	<u>Total</u>	<u>Current Operations</u>	<u>Debt Service</u>	<u>Total</u>
Current taxes collected	\$ 19,179,690	4,185,971	23,365,661	17,728,854	4,217,609	21,946,463
Delinquent taxes collected	292,963	42,122	335,085	388,243	35,152	423,395
Penalties and interest collected	\$ <u>259,283</u>	<u>39,141</u>	<u>298,424</u>	<u>256,815</u>	<u>28,746</u>	<u>285,561</u>
Total collections	<u>19,731,936</u>	<u>4,267,234</u>	<u>23,999,170</u>	<u>18,373,912</u>	<u>4,281,507</u>	<u>22,655,419</u>

Tax collections for the years ended August 31, 2014 and 2013 were 99.46% and 99.8%, respectively, of the current year adjusted tax levy. Allowances for uncollectible taxes are based upon historical experience in collecting property taxes. The use of tax proceeds is restricted to maintenance and operations.

NOTE 18 – INCOME TAXES

The District is exempt from income taxes under Internal Revenue Code Section 115, *Income of States, Municipalities, Etc.*, although unrelated business income may be subject to income taxes under Internal Revenue Code Section 511 (a)(2)(B), *Imposition of Tax on Unrelated Business Income of Charitable, Etc. Organizations*. The District has no unrelated business income tax liability for the years ended August 31, 2014 and 2013.

Odessa Junior College District

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

August 31, 2014 and 2013

NOTE 19 – COMPONENT UNITS

Odessa College Foundation, Incorporated (the Foundation) was established as a separate nonprofit organization in 1996, to raise funds to provide student scholarships and assistance in the development and growth of the College. Under Governmental Standards Board Statement No. 39, *Determining Whether Certain Organizations are Component Units*, an organization should report as a discretely presented component unit those organizations that raise and hold economic resources for the direct benefit of a government unit.

Accordingly, the Foundation financial statements are included in the District's annual report as a discrete component unit (see table of contents). Complete financial statements of the Odessa College Foundation, Incorporated can be obtained from the administrative offices of the Foundation/Odessa Junior College District.

NOTE 20 – POST EMPLOYMENT BENEFITS OTHER THAN PENSION

(In accordance with GASB Statement 45)

Plan Description. The District contributes to the State Retiree Health Plan (SRHP), a cost sharing, multiple-employer, defined benefit postemployment healthcare plan administered by the Employees Retirement System of Texas (ERS). SRHP provides medical benefits to retired employees of participating universities, community colleges, and state agencies in accordance with Chapter 1551, Texas Insurance Code. Benefit and contribution provisions of the SRHP are authorized by State law and may be amended by the Texas Legislature.

ERS issues a publicly available financial report that includes financial statements and required supplementary information for SRHP. The report may be obtained from ERS via their website at <http://www.ers.state.tx.us/>.

Funding Policy. Section 1551.055 of Chapter 1551, Texas Insurance Code provides that contribution requirements of the plan members and the participating employers are established and may be amended by the ERS board of trustees. Plan members or beneficiaries receiving benefits pay any premium over and above the employer contribution.

The employer's share of the cost of retiree healthcare coverage to the current year is known as the implicit rate subsidy. It is the difference between the claims costs for the retirees and the amounts contributed by the retiree. The ERS board of trustees sets the employer contribution rate based on the implicit rate subsidy which is actuarially determined in accordance with the parameters of GASB statement 45.

The employer contribution rate represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and amortize any unfunded actuarial liabilities (or funding excess) of the plan over a period not to exceed thirty years.

State contribution to SRHP made on behalf of the District for the years ended August 31, 2014, 2013 and 2012 were \$1,107,096, \$989,545 and \$892,133, respectively, and are reported as revenues and expenses in the accompanying financial statements. The District's contribution on behalf of retirees to SRHP for the years ended August 31, 2014, 2013, and 2012 were \$89,996, \$81,745, and \$81,745, respectively, which equaled the required contributions each year.

Odessa Junior College District

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

August 31, 2014 and 2013

NOTE 21 – SUBSEQUENT EVENTS

Management of the District has performed an evaluation of the District's activity through December 4, 2014, the date these financial statements were available for issuance and noted no significant event that would require recording or disclosure.

SINGLE AUDIT REPORTS

**Independent Auditors' Report on Internal Control
Over Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in Accordance
with Government Auditing Standards**

The Board of Trustees
Odessa Junior College District
Odessa, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Odessa Junior College District (the "District"), as of and for the year ended August 31, 2014, and the related notes to the financial statements, which collectively comprise District's basic financial statements, and have issued our report thereon December 4, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Compliance and Other Matters (Continued)

We have performed tests designed to verify the District's compliance with the requirements of the Public Funds Investment Act. During the year ended August 31, 2014, no instances of noncompliance were found.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditors' Report on Compliance with Requirements That Could Have a Direct and Material Effect on Each Major Program and on Internal Control Over Compliance in Accordance with OMB Circular A-133 and the provisions of the State of Texas Single Audit Circular

The Board of Trustees
Odessa Junior College District
Odessa, Texas

Report on Compliance for Each Major Federal or State Program

We have audited Odessa Junior College District's (the "District") compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement and the provisions of the State of Texas Single Audit Circular* that could have a direct and material effect on each of the District's major federal programs for the year ended August 31, 2014. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations and the provisions of the State of Texas Single Audit Circular*. Those standards and OMB Circular A-133 and the *provisions of the State of Texas Single Audit Circular* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal or state program. However, our audit does not provide a legal determination of the District's compliance.

Opinion on Each Major Federal or State Program

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal or state programs for the year ended August 31, 2014.

Report on Internal Control Over Compliance

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of District's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or a state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133 and the *provisions of the State of Texas Single Audit Circular*. Accordingly, this report is not suitable for any other purpose.
