

Odessa College Truck Driving Academy Mission and Vision Statement

Mission:

Our mission is to train and educate individuals to become skilled, safe and knowledgeable truck drivers, enabling them to secure employment in their chosen industry after successfully achieving the training objectives.

Vision:

The founding purpose of Odessa College Truck Driving Academy is to offer exceptional CDL education and training to students who aspire to pursue a career in the transportation sector. Our school has provided exceptional Commercial Driver's License (CDL) instruction and superb safety training since 2018. Our goal is to train and develop inexperienced truck drivers to become highly trained and safe professionals in the trucking industry. This specialized training program will equip students with the requisite qualifications to obtain their Commercial Driver's License (CDL). We aim to provide them with the essential resources and skills to succeed in their careers and significantly contribute to their communities.

Core Values:

- Place student safety in the forefront of your focus from start to finish.
- Uphold a professional standard of honesty and moral principles.
- Take responsibility for our actions and achieve the correct outcome on the initial attempt.
- Engage in the act of demonstrating mutual respect and politeness.
- Exhibit good neighborliness and make a constructive contribution to our community.

"If you believe in your training and skills, then you can operate a commercial motor vehicle safely and at will."

-W Church
